Publisher: Williamson Publishing Company; Later printing edition (February 1987)

Language: English

ISBN-10: 0913589276

ISBN-13: 978-0913589274

Product Dimensions: 11 x 8.5 x 0.5 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 3.3 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #1,173,019 in Books (See Top 100 in Books) #594 in [Books > Engineering & Transportation > Engineering > Civil & Environmental > Structural](#) #639 in [Books > Crafts, Hobbies & Home > Gardening & Landscape Design > Outdoor & Recreational Areas](#) #3306 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Design & Construction](#)

Customer Reviews

A dull looking book with no color photos, it is nicely written but makes assumptions about what the reader knows. So unfortunately for me there is a lot of missing information. Ok if you have 10 fence books in your library, but not a primary source for designing and building your first fence.

I found the book to be alright in terms of it teaching the fundamentals of how to construct different types of fences, but in reality, some of the types of fences discussed are not all that practical (i.e., stone and brick fences). If you are merely looking for numerous ideas for one style of fence (i.e., picket fence), you are better off looking elsewhere.

This is a general primer on building all types of fences and on growing hedges. The section on stone and masonry is particularly thorough. Great illustrations by Liz Buell, straightforward text and detailed photographs of works in progress make this a good resource for both novice and experienced builders.
