Welcome To The Dollhouse

Synopsis

Welcome to the Dollhouse is a stark suburban comedy about eleven-year-old Dawn Wiener, a middle child in middle school in the middle of New Jersey. Sometimes hated, often reviled, seldom understood, Dawn tries in vain to put on a happy face as she struggles through the onset of what looks to be a long puberty. Life is generally grim, and sometimes it only gets grimmer. Nevertheless, she does find moments of grace amidst the humiliation of her first series of frustrated love affairs, and soon Dawn begins to wonder if life might not be better outside New Jersey.

Just like the movie. Even includes pictures. Wish they would have included things not in the film

While you read this screenplay, you'll regret laughing at such a sad and tortured little girl. But then you'll say "Oh, what the hell..." and laugh some more. This is a comedy, and it's supposed to make you laugh. For people who like black comedies.

On of the funniest scripts I've ever read. Todd Solondz's script is bleak, and will probably offend most. It takes a certain kind of taste to enjoy.
