Customer Reviews

If you are like me, a barbecue aficionado, then this handy little cookbook is a must have for your cookbook collection as it provides you with the most mouthwatering recipes for all of the must-have side dishes to go along with the brisket and pulled pork sandwiches that everyone barbecues in the summer months. This book contains excellent recipes for everything from baked beans and coleslaw to cornbread and other unique side dishes like homemade french fries. They even include recipes for making some very devilish eggs and homemade pickles, as well as old staples like Hush Puppies and potato salad. With this cookbook in my repertoire, my summer barbecues and family reunions have just become a little more appetizing. I honestly can't wait to make up a batch of Hush Puppies and oven baked french fries for a Super Bowl party. I've already checked over the recipes even though I haven't had time to cook them yet. And I can tell from experience, if the recipes are followed. That may well turn out to be absolutely delicious. So if you are looking for a recipe book to spice up your barbecue side dishes. This is definitely a good place to start. The recipes are written in plain and easy to understand language. With all the appropriate information such as times etc., and there's even a picture of each dish. So you know exactly how it is supposed to look.

Sixteen different categories and loved what I found in ten of them. The baked beans, cornbread, French fries, hush puppies, mashed taters, baked taters, casseroles, pudding, biscuits and brownies. Thank you and enjoy your meal and enjoy your day.
