Customer Reviews

The simple, straightforward guide that is detailed in this book is based in good nutrition and healthy exercise. This book will show you unique but simple plan which has helped countless diabetics and encouraging patients to follow the steps and stick with it for it really works. Achieving normal blood sugars is not as difficult as one might believe, and this book aims to help patients achieved dramatic improvements in their diabetes.

A very splendid approach to reversing diabetes in weeks. Today, there are so many books and articles on the subject matter but most lacked the right information as this book provides. The author reveals a step by step guide to reversing diabetes in all ages of life, including an effective weight loss plan without so much trials. I got this book with the mindset to helping my friend's dad better manage his condition.

I am not a diabetic person and also we don't have any history on our family. But I am too health conscious since I am really addicted to sweets and I am afraid I might get diabetes since it was the most common disease now in current generation. I found the book informative and detailed making it helpful for me to understand easily and clearly what can I do and avoid to have a diabetic free body.

This book explains everything they need to know about the disease in clear, simple terms. They'll learn all about alcohol, blood sugar, complications, diet, exercise, foot care, gestational diabetes, heart disease, insulin, kidney disease, meal planning, pregnancy, sex, vitamins and minerals, weight loss, and much more

I read this book and I got help how to control on sugar. There are given different reasons to follow sugar free diet, it helps how to maintain your diet, how to control your diabetes. There are also given weight lose tips. The author described briefly proven step if you follow these steps then you can live a healthy life. Easy to read and understand.
