Customer Reviews

This book written by author Samantha Michaels has several vegan recipes and some vegetarian recipes. Most of the recipes are focused to done and taken at dinner time but I can differ that as you can have some of these delicious recipes for lunch too, as it depend in your own way of living and eating habits. Anyway, this book does contain several good recipes that we have already enjoyed and share with friends as well. Eating healthy is like todayâ™s fashion but the problem is that many people donâ™t know how to get enough nutrients, vitamins and minerals coming from a regular daily intake. That is why it is important to learn as much as possible about our bodies needs and to give us a balanced intake to fulfill our own needs which are different in comparison to anyone else. We loved some recipes like Pineapple Stir-fried Rice (superb!!!), Rice and Red Beans, Skillet Black Beans, Portobello Mushroom Burger, Mexican Stew, Asparagus & Spinach Pizza, Sweet potato Casserole; and desserts like Blueberry Streusel Cake and Gingerbread. As you can notice, there are enough recipes for everyone at home. As in any other cooking book, there will be recipes that you will love to try and repeat, but also you will find recipes that you wonâ™t consider to do. Actually, that is quite normal as a recipe book also deals with every single person and its own unique way to live his/her healthy way of eating. Even though that, you will be delighted with this

book as much as we had. Disclosure: I received this product on a promotional discount for my honest review and they are 100% my own opinions; of course, I do understand that your own opinion may differ from mine and I do respect that in any way.
