Cancer-Free, Third Edition: Your Guide To Gentle, Non-Toxic Healing

Synopsis

A cancer diagnosis always causes fear. Most of us have seen relatives and friends destroyed by conventional cancer treatment. Now, thanks to a new wealth of information, you can heal cancer using natural, nontoxic substances that work. What you need is a guide to cut through the jungle of information. This book provides that guide. The author is not a medical professional but a researcher who has been refining this information for over eight years using feedback from real cancer survivors about what worked for them. At least 1,500 of the cancer patients he has counseled have recovered using his information. The self-treatments he recommends are harmless enough that you can start them immediately, and if you choose to pursue conventional cancer therapy, they will not interfere with that treatment but will help to offset most of its side effects.

Book Information

Audible Audio Edition

Listening Length: 8 hours and 45 minutes

Customer Reviews

We cannot say enough about Bill Henderson's book and audiotapes on this subject. Everyone should read this, even if they do not have cancer. This book is about so much more than just how to beat cancer. It covers other diseases and health issues, and it empowers you to live a healthy life in a very affordable way. GET THIS BOOK OR AUDIO TAPE! IT COULD BE THE MOST IMPORTANT THING YOU HAVE READ IN A LONG TIME!

After reading the book I no longer feel like cancer is a death sentence. There are many alternatives which I never knew existed. Feel much better about myself now.

This book has changed my life. Bought for a friend but read it myself just for information. I think everyone should read it. It's so full of information for everyone. I have yet to see if the information will cure my friend. Update to follow.

This book has been eye opening. I've learned so much about cancer and health care. Highly recommend this book.

Excellent book I love it My husband read the book !! thank you miss these one Thank you
