Customer Reviews

This book includes just about everything that you would need to know about Indoor Air Quality and the anaylsis of it. It's a really big book and to date I don't believe there is another book that can compare to the scope and detail that this book supplies. If you're looking for a general review of the subject, this is not the book for you. If you're in that business and you really need to know your stuff, then this book is the one to buy.

Has a ton of information including commissioning. So far, I would recommend it to anybody looking to expand their knowledge of IAQ. Disclaimer - have probably read 5% of the book so far.

Indoor Air Quality Handbook (Mcgrawhill Engineering Handbook) Air Fryer Cookbook: Delicious and Favorite recipes - pictures are taken by hand (Air Fryer Recipe Book, Air Fryer Cooking, Air Fryer Oven, Air Fryer Baking, Air Fryer Book, Air Frying Cookbook) Air Plants: A Beginners Guide To Understanding Air Plants, Growing Air Plants and Air Plant Care (Air Plants, Ornamental Plants, House Plants) Indoor Gardening: 12 Creative Gardening Tips on Garden Design.
