Customer Reviews

This book contains very good and updated information for diabetics. Very helpful to me and will be my go-to book for reference, tips and some very good recipes.

Has lots of great recipes ~ happy to see we could eat real food and diabetes wasn't a sentence for blah meals.

These three gave me a lot of help in getting a start on the ins and outs of diabetes.

A lot of high glycemic and high starch foods in here. Not necessarily healthy recipes.
