## Customer Reviews

This book has definitely come in handy in the beginning stages of planning our wedding, the only way it could be better would be if it had pockets to keep business cards. Otherwise loved it!! Would totally recommend for anyone who is planning a way and doesnt want to spend the money to hire a planner this book helps to keep everything in order.

I reviewed a few books on wedding planning before I made my choice. The book arrived in great packaging and was very bright, easy to look through, and so useful. I am so happy with the choice.

This book is very organized and simple to use!! I highly suggest buying this as a gift for newly

engaged brides or buying it for yourself if you're the bride :)

Gave us all the info we needed in sections that break it down by month it should be done, with plenty of room to jot down notes, etc. ...almost like an appointment book. Love it!

Not what I was expecting at all. I was hoping for a book to document my wedding planning. This is not what I was looking for at all. A waste of my money.

Ordered this for future daughter in law, was very confusing to read and was thrown in the trash. my advise, look at it carefully before buying

Great flip book. It also has lists which helps to organize. Using it for planning wedding with friend (bride) and groom.
