and beautiful recipe. I have been struggling with headaches for quite awhile now where it's just become my norm. I did not want to live like that anymore and decided to give the ketogenic plan a try....after just a few days of following the 7 day plan, my headaches were gone. Now more than two weeks later, they are still gone. It's amazing to live life and raise my young kids without a headache!!!! And I was quite pleasantly surprised at how easy AND delicious these recipes are. Even my husband and children like the food I've made from this cookbook. I have recommended this book to several friends who have looked at mine and decided to purchase their own copy.

Ketogenic diet is very important diet in our time. I think we shall have more followers of ketogenic diet than the followers of kosher eating and organic food. I think this book will help many people to find and prepare correct mayonnaise. So I think it is excellent book.

Such an informative book! Love the recipes inside, I find it easy to prepare and it was well presented by the author! I'm very much excited to try those recipes! Thanks Paul Wilson for this book and with that I highly recommend it!
