ISBN-10: 1450894852

ISBN-13: 978-1450894852

Product Dimensions: 8.6 x 0.6 x 11.1 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (69 customer reviews)

Best Sellers Rank: #57,009 in Books (See Top 100 in Books) #16 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Scrapbooking](#)

## Customer Reviews

My daughter is 5 months old and I got this book for my mother in law as a Christmas gift. Since this is her first grandchild I thought this book would be great for her to write about herself growing up. I flipped through the book with my mother and watched her smile at the questions and now I'm upset I didn't get a book for her as well. (I will be ordering another) I'm looking forward to reading about my mother in laws life and know this is something my daughter will cherish as she grows up. This is a nice hard bound book with a almost puffy cover. It's 124 pages and it guides you with questions about "grandmas" life. It has a pink ribbon bookmark so you can easily find where you left off. This would make a great gift for any grandmother.

The cover of this book is soft and padded which adds to the overall quality of it. The questions are interesting and things I never would of thought of asking. Things like their first job, their first boyfriends and such. Things I ashamedly do not know about my grandmother. I purchased 3 of these books. 2 for each of my sons grandmas and 1 for my own grandmother. I hope they actually fill them out. I would highly recommend this book to my friends and family. I think it's high quality and interesting. The questions are engaging and there is sufficient space to write answers. The pages are really thick and it looks like it will last throughout the years so I have no fear passing it down

through the family.

Love this book! Hope that ALL grandmothers (& parents ) would take the time to fill this out and leave for their young ones. It will be a treasured heirloom.

I've done one of these for each of my grandkids. Imagine my dismay when I realized I hadn't done one for my granddaughter who is visiting in July! This is the most thorough, thought provoking, story invoking book of the five I've done! I recommend it highly to all grandmas!

I absolutely love this memory book. I wanted a book to be able to leave a detailed account of my life for my grand children and future grand children. This book allows you to write on a variety of subjects and put it into your own words. There is ample space to write and some places for pictures. The book is hardcover and beautifully designed. I began writing in it right away.

This book was nice and had good prompts along with plenty of space to write including extra pages in the back. Book is fairly large but my grandma is more elderly so I think it is actually better. My only wish is that it had illustrations/quotes or room for pictures because it quickly gets super text heavy and is not visually broken up into "chapters" of life.

I love these grandparent memoir books and have used a different one for each grandchild. Some of the questions in this one are not open ended enough but it does cover a lot of territory. Wish I'd had these from MY grandparents.

Excellent book! Very thrilled and so was the recipient. This was purchased for my mother in law who recently underwent a major surgery. It gives her something to do & look forward to filling out each day. I wish I had one of these from my grandmother. Happy my kids will have it from theirs.
