ISBN-13: 978-1450894845

Product Dimensions: 8.6 x 0.6 x 11.1 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (11 customer reviews)

Best Sellers Rank: #118,953 in Books (See Top 100 in Books) #43 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies > Scrapbooking](#) #12719 in [Books > Teens](#)

## Customer Reviews

I got this to write out a lot of my memories for my children -- In case they want to read about that one day. I'm not a morbid person but "you never know" and I just want my kids to be able to know about why I felt a certain way about things. I feel like this book covered everything from my youngest childhood until I had children of my own. Nice prompts and I had read some reviews where people weren't totally happy with the prompts but you need to take the topic and go with it where you need to when writing. They are just giving you an outline to start from. I loved it so much that I purchased one for my best friend.

Years ago I filled out similar books for my sons. Even though I wasn't able to physically examine these books, I purchased two for a friend's birthday. They met all my expectations and were a hit with my friend and her adult children. What a great way for a mom to be sure her children know details about her life, and theirs, that she may never have mentioned to them before or that they have forgotten. In years to come they won't have to say, "I wish I had asked Mom about..." before it was too late.

My daughter and now son-in-law got this for me to give back to them. This is great! A fun and easy

way to share your life story, if you will, with your children, and generations down the road! Extra pages for you to "do your own thing:", places for pictures, etc...

bought this as a gift. it is a beautiful book that will become more beautiful for the recipient after mom fills in her details

Great book! It does take a while to complete and is meant for when your child (preferably daughter) is of age.

It's a sweet book with prompts to help you remember thing you may have forgotten. I got one for each adult child to share with their families.
