Beautiful Bridal Accessories You Can Make

Synopsis

Create your own exquisite bridal accessories Here's a smart, sophisticated solution to the high cost of store-bought wedding accessories. Jacquelynne Johnson shows you how to make an incredible variety of personal adornments for the bride, wedding party, friends and family. Inexpensive and easy-to-make with simple embellishing techniques and a glue gun, each of these 22 step-by-step projects can be customized to fit your style. And while most projects are "no-sew," those requiring a little needle and thread can be mastered in minutes. You'll also find helpful hints for preserving your flowers, gown and other keepsakes, plus helpful wedding and etiquette tips. It's all the advice and inspiration you need to make that special day unforgettable! Projects include: Wearable accessories, including bridal veils, headbands, shawls and handbags Creative embellishments--add beads, ribbons, craft flowers and lace to store-bought items such as gloves, shoes and hosiery Wedding accessories, including a ring pillow, flower girl basket, unity candle and toasting glasses Gifts and keepsakes, including memory quilts, a keepsake box and a wedding portfolio

Customer Reviews

My daughter is getting married next spring and I was hoping to find some unique ideas and get some inspiration. But, in my daughter's case, there was virtually nothing a older 20's something would like. The styles were very traditional and not particularly distinctive. Most of the general information on sewing techniques (both hand and machine) were pretty basic. I'd say if you were an intermediate sewer you probably already know much of this info. But, if you less experienced with

"dressy" fabrics (satins, lace, etc.), this book would be very informational or a good refresher of techniques you might have forgotten. Good illustrations with pictures and descriptions. You could also use these ideas for a "renewal of vows" ceremony or a special anniversary. Best of success with your Bridal sewing!

I just received this book, and upon looking it over, I'm SO excited to get started making beautiful wedding accessories. The projects look very easy and classy, while also appearing to be cost effective (to make rather than buy already made) and creative. Perhaps you won't use every craft just as it's pictured, but you'll probably either create something VERY close to it or you'll come up with something perfect for your special day by the crafts offered. If you want to add YOUR special touch to your wedding, then I recommend this book to help you achieve that goal!

I don't own this book. For a REASON. There are only about 10 projects, and all are lame lame lame. If you are completely inexperienced with sewing or crafting for weddings, maybe this would show you how to do something like embellish your shoes or pantyhose (shows its age), but I recommend you save the cash and find an online tutorial instead, free of charge. If you have ANY experience or have looked online, this will teach you nothing. I've gotten better project ideas from the little free handouts at Michael's and Joann's in the wedding aisles. Other projects include putting lace on your gloves, making a REALLY tacky pillow, and a lace covered keepsake box. Don't waste your time or money. If you MUST check this out before dismissing it, check your local library and save the postage on returning it...

This book gave us some ideas and we added our own creativity to them. It was fun using this book as a guideline.

Perfect
