Customer Reviews

While the information given was good, the illustrations were poor and difficult to understand. Photographs would have much been better. I was hoping for more details on difficult bustling situations.

This booklet was helpful as I was trying to decide how to bustle my daughter's wedding dress. I ended up cooking up my own bustle plan, but it was nice to see other options available.

A friend needed a bustle put in her daughter's gown, and I had never seen, or done one. This book was excellent and gave me all the information I needed.
