Florida Getting Started Garden Guide: Grow The Best Flowers, Shrubs, Trees, Vines & Groundcovers (Garden Guides)

Synopsis

Gardening experts Georgia Tasker and Tom MacCubbin offer foolproof advice on gardening within the diverse landscape of Florida. The Florida Getting Started Garden Guide features region-specific advice on planting, growing, and caring for more than 150 of Florida's top ornamental and native plants. From flowers and grasses to trees and tropical plants, this step-by-step guide includes useful information for the novice and experienced gardener alike. With gorgeous full-color photos of each plant, this book will increase the enjoyment and satisfaction of any gardener hoping to learn about and master the natural environment of Florida.

Customer Reviews

Excellent book for any Floridian interested in understanding which plants are best for their property - and definitely suited for more experienced gardeners than the beginners. The photographs and growing tips including when to prune, fertilize, propagate, soil and light preferences are just some of the great things included on each plant.

This is a great starter book for new Florida homeowners . The pictures truly exemplify each shrub and plant. I appreciate the explanation of soil requirements for each plant. This is a good start to what I was looking for to begin my education on Florida garden care.

It explains in detail all about shrubs, flowers and palms, when to trim, plant, mix with other flowers or shrubs. I recommend it if you live in Florida.

I've been in Florida for 45 years and still need help with Florida flowers and shrubs. This book makes it simple to get the best for my area and yard and give me flowers all the time.

I suppose I should have expected it, but most of the annuals would be found in NE as well as FL, Probably pretty good as a very basic gardening book, but not if you were looking for something out of the national magazine ordinary.

Purchased this for my wife as we just moved to Florida. She cannot wait to get back to having a garden like the one we left behind!

Nice book but I am new to Florida gardening so I really would of liked more information but I think the book gave me everything it said it would

These were all gifts to various far flung members of my family. All appeared pleased. No adverse comments are likely...
